Work for Ms. Gilbert's 5th Class Maths Group

Welcome back children,

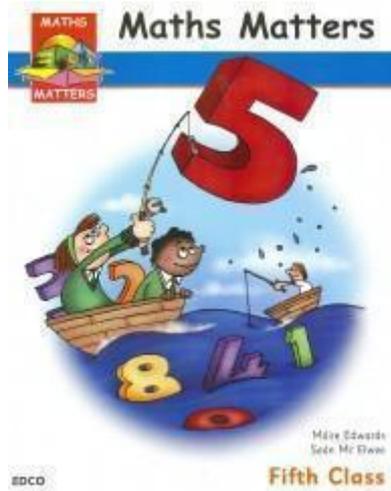

I hope you all had a lovely Easter break and got to enjoy some of the lovely sunshine and eat lots of Easter eggs.

I have planned a little bit of Maths work for you to complete at home. If you are not sure of how to do the work you could ask someone at home for help or you can watch some of the video links I have attached to your work. Just try your best and anything you are not sure of, we can go through again when we get back to school.

Take care of yourselves and your families and I look forward to seeing you all back in school as soon as it is safe to do so.

Ms.Gilbert

Week Beginning Monday 20th of April

(As usual, please complete all your Maths work into your Maths Matters 5 book and use your copy if you need more space to work out sums.)

Number Sentences: Complete pages 184, 185, 186, 187, 188

Remember to read the examples in the purple boxes.

Please watch these video links; they may help you with your maths work.

<https://www.youtube.com/watch?v=dAgfnK528RA> (order of operations/sums)

<https://www.youtube.com/watch?v=eBuUCeNGYpY> number sentences

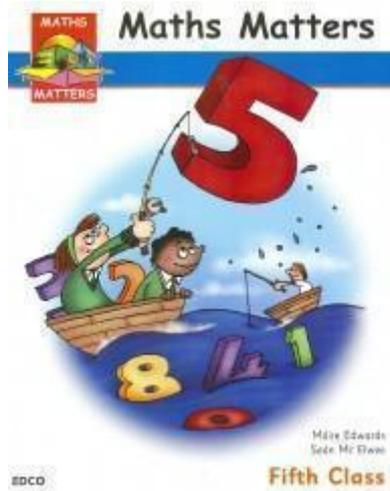

<https://www.youtube.com/watch?v=kn8frIzQupA> problem solving

Tables: This week you can practice your division tables by trying out some of the games on the top marks website. Just follow this link.

<https://www.topmarks.co.uk/maths-games/7-11-years/times-tables>

Remember: You can log into your Manga high account or your sum dog account to play some of the number sentence activities/games.

Week Beginning Monday 27th of April

(As usual, please complete all your Maths work into your Maths Matters 5 book and use your copy if you need more space to work out sums.)

Directed Numbers: Complete pages 119, 120, 121, 122, 123

Remember to read the examples in the purple boxes.

Please watch these video links; they may help you with your Maths work.

<https://www.youtube.com/watch?v=6U1kCOuNpR4>

<https://www.youtube.com/watch?v=OAoLCXpao6s> (negative numbers)

<https://www.youtube.com/watch?v=xBJuf6Yvm3I>

Tables: This week you can practice your multiplication tables by trying out some of the games on the top marks website. Just follow this link.
