

Hello all in fifth and sixth class,

We hope you are all keeping safe, well and enjoying this amazing weather!! First of all, we want to say a big WELL DONE on all the hard work you have been doing on Google Classroom, we know it hasn't been easy adjusting to working from home but we are so proud of you all.

If we were in school now in June, we would be looking forward to all the fun things the summer term brings, like sports days, tours, ice creams etc. With that in mind, we are changing up the structure of Google Classroom a little for this coming month.

Instead of your written tasks, we'll be putting up activities that are fun, creative and active for the month of June. Instead of lots of writing, we'll be looking for you to send in videos/pictures of some really cool activities we have planned - stay tuned! There will be one each day and we'd love to see you taking part in some of the challenges.

This week you will have three assignments, as we were due to be off on Monday and Tuesday. For the rest of the month, there will be five assignments a week. We hope you find them engaging and have a bit of fun with them. Maybe you could get the family, a sibling or a friend involved, if restrictions allow for it. We think it will be a nice way to finish off the year.

Once again thank you parents for your constant co-operation. We know it is very difficult times and appreciate houses are very busy at the moment. Hopefully this will ease the load. Just a reminder to let us know if there is anything we can help with by posting a question to 'Ask your teacher' on Google classroom.

The 5th and 6th Class Teachers:

Ms Cox, Ms. O' Connor, Ms. Kelly, Mr. Geaney, Mr. Connolly, Mr. Carney and Ms. Byrne
