

First Class 15/6/2020-19/6/2020

Hi everyone,

We hope that you are all well. We were in school this week organising your books and reports. We got to meet some of your parents who came in to collect your stuff. It was lovely to see them.

Some people didn't manage to get in during the week. That is ok. The school will be open during June for anyone who needs to get in to collect books and reports.

Most of you were very busy last week doing the tasks that we organised. We were really impressed by the amazing work that was sent into Google Classroom. It looked like you had fun doing the various activities. We know that others are working really hard at home but didn't have time to post up pictures on Google Classroom. That is ok too.

This week we have organised five more fun tasks for you to enjoy. These will be shared here and posted to Google Classroom also. You can send us pictures/videos of how you get on with the various activities if you have time.

We really enjoy hearing from you and seeing all your brilliant, creative work.

We miss you all.

Have an amazing week,

Ms. Wadding and Mr. O' Sullivan
