# WORK

## MS. DUNNE & MR. STONE

Monday 25<sup>th</sup> May - Friday 29<sup>th</sup> May  
1 Week

# INSTRUCTIONS

Heya everyone,

We hope everything's going well and you're keeping safe. It certainly doesn't feel like so long since we were in school. I'm sure you're all wishing we could be back but we can't stress enough the importance of following guidelines for our own safety and health. We must make sure that even with restrictions becoming less that we still use our heads and keep ourselves and others safe.

So here we are again, with some more suggested work for you to do throughout the week. I know that a lot of you are helping around the house during this time, so whenever you get a chance to try out the work give it a shot.

Like each week, there will be 2 new tasks up on Google Classroom. Remember, that you only need to hand in the tasks set on Google Classroom. However, if you'd like to show us a project that you've been working on, feel free to post a picture up when you're handing in your Google Classroom tasks. We know how creative you can be so we'd love to see them 😊

As we said last week, we would be doing our daily mile in school if we were there so try to get out to run that mile you measured out last week once a day. It's hard at first for some of us, but with time and determination, we'll all be well able to do it!

Parents, you're doing amazing jobs during this time. We know it is difficult and we are here to help you as much as you are helping us. We are grateful that you have taken on guiding your children through their work during this time but please do not feel any pressure to get *ALL* the work done. Whatever you feel your children are able to do, that's enough. The work set out here is really a menu of work to choose from.

We miss you all loads and hope to see you again soon. Take care of yourselves and others.

Mr. Stone and Ms. Dunne

# IN-CLASS ENGLISH GROUP

## Monday & Tuesday: Novel Work

- Read Chapter 6 “Bill’s New Frock”
- Complete activities A & B after that chapter in your English Copy.

## Wednesday: Revision

- Pg. 103 Day 1

## Thursday: Revision

- Pg. 103 Day 2

## Friday

- Handwriting - write a page about your favourite memory from the last year in school. It could be a particular lesson you did, or some activity the school partook in (Christmas concert/Peace Proms etc.). Make sure and join your writing. Let’s see how neat you can be 😊

# IN-CLASS MATHS GROUP

- ◉ **Area**

You have the PowerPoint from last week on Area and the video explaining it. Refer back to them if you are unsure of anything. The link to the video is at the bottom of this page.

- ◉ **Planet Maths** (complete in Maths copy)

Pg. 141 A + B

Pg. 142 C + E

- ◉ **Challenge**: You measured the length and width of various things in your house (sink, remote control etc.) on Google Classroom. Now find the area of each item. Remember, the unit will be  $\text{cm}^2$  or  $\text{m}^2$  for these measurements.

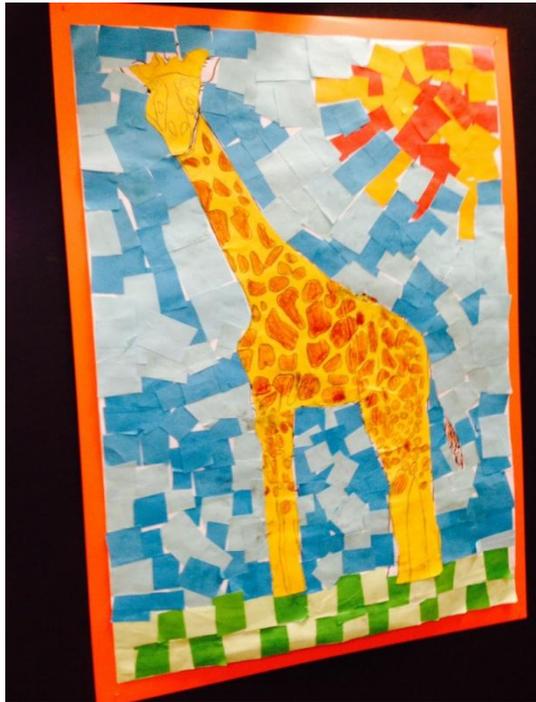

[https://www.youtube.com/watch?v=8cz\\_IB65pZM](https://www.youtube.com/watch?v=8cz_IB65pZM) (Skip to 1.03)

# GAEILGE

- ◉ Everyday- spend 5/10mins on duolingo (<https://www.duolingo.com/welcome>) Select Irish & set up a free account. It's a great way to continue to use Gaeilge & learn some new words.
- ◉ 1: pg 148 - Look up at least 6 words you don't understand.
- ◉ 2: pg. 149 (A + B)
- ◉ 3: pg. 150 (C)
- ◉ 4: pg. 150 (D)

# ART

- Using newspapers and magazines or other materials you might have around the house, create a collage showing what you hope to do over the summer. Below is a video on how to create a simple collage of a fox.

# SESE

- ⦿ A couple of weeks ago I noticed a nest in a bush. After a few days I looked inside and there were eggs! I couldn't believe it! I grabbed my camera and took some pictures.
- ⦿ Look at the slideshow under this and look at each picture.
- ⦿ Research online how baby birds are born and hatched.
- ⦿ For each picture, in your SESE copy write some interesting facts you can find about each stage of development of the birds.
