

It's Time to Have Some FUN! ☺

June 8th-12th

Hello Everyone,

We hope you are all keeping safe, well and enjoyed the first week of activities!! First of all, we want to say a big WELL DONE on all the hard work you have been doing on Google Classroom, we know it hasn't been easy adjusting to working from home but we are so proud of you all.

As we said last week, we are changing things up for the month of June as we would be looking forward to school tours, sports day, ice-cream etc. if we were in school. We don't want you missing out on all the fun that June usually entails-so we will be posting fun, creative or active activities to Google Classroom each week.

Make sure to continue to find some quiet time each day to read- we'd love to hear about the book you are reading on google classroom. We love to get book recommendations!

Remember there will be 1 activity per day- so 5 activities this week. We can't wait for you to share your photos/videos with us on google classroom again this week 😊

Once again thank you parents for your constant co-operation. We know it is very difficult times and appreciate houses are very busy at the moment. Hopefully this will ease the load. Just a reminder to let us know if there is anything we can help with by posting a questions to 'Ask your teacher' on Google classroom.

-part 3 is very tricky!!!

Watch the
videos for
demonstrations
of what to do!

Activity 3: Make a Parachute

Design a Parachute Challenge

You will need:

- small figure
- plastic bag
- string
- paper
- masking tape
- scissors

What is pulling the parachute down?

What is causing the parachute to slow down?

Challenge

Can your group design a parachute using only the materials listed above?

The parachute needs to be attached to the figure. It must act as a parachute when the figure is dropped from a height.

Design a parachute. Test the parachute. If it is unsuccessful, try again and refine your design.

Challenge: Can you add a basket & safely land an egg? What type of protection will it need?
