

Home Learning 18<sup>th</sup> – 22<sup>nd</sup> May 2020

Hello Boys and Girls,

Hope you are all keeping well and enjoying the sunshine. Here is the suggested work for this week. Try your best as you have all been doing. Also if you have made any nice artwork be sure to send me a picture, I'd love to see it. If you have any questions don't hesitate to send me a message on Google Classroom

**English:**

- Library book 15 mins out loud reading per day
- Jolly Grammar pg 64 and 65
- Reading Zone- A Hairy Story- pg 40 Activity A (make sure to use full sentences), Activities B, C and D can be done orally.
- Daily Digital Diary- (you pick which background you want I've given you a few) Give an account of one day during the week. Try stay away from 'and then I did this... and then... and then' use words like (next, after that, later on, suddenly, firstly, lastly etc.) Doesn't need to be too long, 5 or 6 sentences is plenty

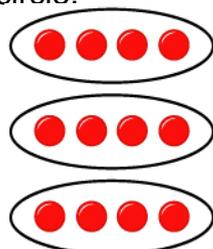

**Gaeilge:**

- Abair Liom Chapter 16 pages 130- 133

(PowerPoint will be uploaded and again like last week do what you can. There are 5 activities aim to do 2 or 3 of those)

**Maths:**

- Please don't forget about your tables. Practice makes perfect. If you know these pretty well you could practice counting up in 7's  
7, 14, 21, 28, 35, 42, 49, 56, 63, 70, 77
- Planet Maths- Division 3 pg 143  
This is a very difficult concept- if we were in school it could often take up to 3 weeks so don't be disheartened. Small bits every day.  
\*you can use lego blocks/pencils/ pieces of pasta whatever you have at home  
\* remember if you are stuck to draw your circles and put the dots into each circle.

$$12 \div 4 = 3$$

## Maths

This website is handy <https://www.mathsisfun.com/numbers/division-remainder.html>

I will include a PowerPoint with samples and hopefully this will help also

I have also included 2 videos.

## S.E.S.E

Look at the Powerpoint on Hedgegrow Habitat. Press this slideshow button and it will only allow you to see one point at a time.

Be able to name all the plants in the second last slide
