

**Week starting 3/6/2020 – 5/6/2020**

Hello girls and boys,

We hope that you are all keeping healthy, fit and well.

You have all been working so hard since we left our happy classrooms on March 12<sup>th</sup>. Many of you have turned your kitchen tables into your own school. Your hard work has not gone unnoticed. We are really proud of each and every one of you. We are also very proud of your parents. They have helped you stay on top of your schoolwork in challenging and uncertain times. Thank you, and well done to you all. Everyone should take a bow.

It's hard to believe that it is June already. This time of year is often a favourite for the children and teachers. The school days are often filled with outdoor play, reading in the sunshine, teddy bear picnics, school tours, ice-cream parties, active week and sports days. Unfortunately we cannot be together and this makes us very sad but the show must go on so, standby for some fun June activities coming up on the blog and Google Classroom.

In line with our school calendar and the bank holiday weekend, the following outline of work will be for a three day period (Wednesday 3rd - Friday 5th of June). Please enjoy the long weekend and the sunshine. We have reduced the workload to reflect this. There will be three Google Classroom activities posted on Wednesday 3rd of June.

Activities for the month of June will focus on creativity, well-being, staying active and hopefully, a lot of fun. You may continue with your spellings, tables if you wish but it isn't necessary. We want you to focus on minding yourselves and having fun.

We want you to keep reading or listen to someone reading every day. Especially now, when we are safe in our homes and unable go anywhere, a book will bring you to many different destinations, Hogwarts, Plainview, The Sire, Space. The passport of reading books has no limitations or restrictions.

In the meantime, here is next week's activities. We do hope you enjoy them.

**English / Art** - Read the poem *Colour* by Christina Rossetti and respond to it with artwork using any materials you wish. You can use

colouring pencils, crayons, markers, chalk, paint, coloured paper whatever you have at home. You choose. Post a picture of your artwork to Google Classroom.

**SESE** – With the help of an adult, follow the procedure writing recipe to bake some delicious banana bread. You can post a picture of the delicious treat or maybe you would like to bake your own favourite recipe onto Google Classroom.

**Wellbeing/ Mindfulness** – A worry jar is a helpful way to decrease your worries. Placing your thoughts in a jar will help to get them off your mind, at least for a little while. You can use a jar, any container or use the picture provided.

Have a lovely week.

Stay kind.

Ms McDermott and Ms Shortt.
