

School Closure Work – May 6th to May 8th – Ms Brennan 3rd Class

Hello to All,

I hope you and your families are continuing to keep safe and well.

In line with our school calendar and the bank holiday weekend, the following outline of work will be for a three day period (Wednesday 6th - Friday 8th May).
Therefore, the amount of suggested work on this outline has been reduced to reflect this.

As always do not feel compelled to finish every activity on the list, just do whatever is sensible to achieve in your circumstances.

Also there will be one google classroom activity posted on Wednesday 6th of May.

It has been great to see the wide variety of work children's' work sent into google classroom, so thank you all for engaging with this system as best you can.

Stay Safe,

Ms Brennan

Maths:

Topic: Multiplication

- **Planet Maths Book 3** - Pg.85-87

Please complete one page on this topic each day this week if possible.

You can write the answers in your copy or do any drawing on a separate blank sheet. Please try to keep the work neat, use a ruler to draw margins and number your answers.

- Revise your x2 and x4 tables

English:

Please keep up your reading, it is very important!

1. Read for **at least** 15 minutes each day from your library book or own book at home, but the more you read the better.
2. The Spooky Castle Pg.90 – Please reread the story The Escape and write 5 questions, one question based on each page of the story. Begin each question with a different question word from this list, who, what, where, when, why or how.
Remember questions begin with a capital letter and have a question mark at the end.

Gaeilge:

Create an account on the website [duolingo.com](https://www.duolingo.com). Then take their short test to find your correct level and practice your Irish here for a few minutes every day.

Music:

Revise the tin whistle notes you have learned so far, practice your scale of D and the tunes Mary Had A Little Lamb, Frere Jacques, Happy Birthday to You and Jingle Bells.

The image shows a musical staff in G major (one sharp) with a treble clef. The notes are D, E, F, G, A, B, C, D'. Below the staff is a fingering chart for a tin whistle. The chart consists of eight vertical columns, each representing a note. Each column has five circles representing the holes on the whistle. The notes and their corresponding hole patterns are: D (all holes closed), E (bottom hole open), F (second hole open), G (third hole open), A (fourth hole open), B (fifth hole open), C (sixth hole open), and D' (all holes open plus a sharp sign below the staff). The word 'WHISTLE' is written vertically to the left of the chart, and a large 'D' is written to the left of the first column.

WHISTLE D

D E F G A B C D'

- sharp sharp

SESE:

Research some facts on dinosaurs in general or on one particular dinosaur and present your information in any creative way that you would like.

ART:

Draw a picture showing real dinosaurs living in the wild or draw a picture of one particular dinosaur you have researched or invent your own new dinosaur and draw what it would look like and give your new dinosaur a name.

Remember to put lots of detail into your work and to colour it all in.

Google Classroom:

The new work on google classroom will be posted on **Wednesday May 6th**.
