

Ms. Lynch's Senior Infants.

25th May 2020.

Hello everybody,

I hope everyone is well.

There were some great replies again on Google classroom last week. The "news" activity was super. Beautiful, neat writing and great penmanship. I also got lots of great photos of you all enjoying outdoor activities. It was lovely to see you all. Well done to everyone! There are 2 new tasks posted on Google Classroom again this week and I look forward to seeing and responding to these posts and messages during the week.

In Maths this week, we are still looking at the topic of money. I hope you have had the chance to use real coins and use them to make different amounts. Also, to add various coins together and find the totals. You could set up a small shop using toys/toy food items..etc. Put prices beside the objects and play shop with your child. Use amounts to 5c/10c initially. (Use bigger amounts if your child is able) Children need lots of practice at this.

If you register with Folens (free) you will have access to all their books and resources. The maths section has some lovely money resources and games to play.

Parents can follow the steps below to get free access:

1. Go to [FolensOnline.ie](https://www.folensonline.ie) and click register
2. Select Teacher
3. Fill in a username, email and password
4. For Roll Number use the code: Prim20

Select: Senior infants/Maths/Planet Maths/money/ resources

As always, stay safe, and remember, there is no pressure to complete all work marked. Use the "Ask teacher a question" on Google classroom if I can be of any help to you.

Best wishes,

M. Lynch
