

Dia daoibh!

Hope you are doing well during this time. Very well done on the work you have completed so far. I am sending work for next week that you should be able to work on by yourself. Again if anything is confusing or too difficult just skip it- your parents are very busy with their own work.

Hope you are out in your gardens as much as possible and perfecting your many talents. I can't wait to see them when we get back. We'll definitely have to have a talent show. If your talent involves baking, I am always happy to taste!

Don't forget to be kind to your siblings and parents. Please keep up your contact with grandparents either through a window or by phone. Keep up the hand washing. Hopefully we shall all see each other very soon.

Happy Easter. Enjoy your well deserved Easter egg.

Ms. Lowe
