

Hi boys and girls,

We hope you are all keeping safe and well in these strange times. We miss you all, and school life but we hope you are being good at home and listening to the advice you are being given. I know it's difficult being at home for so long but hopefully staying in a routine will help. It's important to keep up a little bit of schoolwork, but remember there are other ways of learning too.

Try to read lots, maybe keep a diary (remember you are living through an important part of world history), do some story writing, go for a walk somewhere quiet or play in the garden. It would be a good time to create some art, or do some baking, planting or try something new that you haven't had time to do before. Keep up your yoga online, or try tuning in to the bodycoach's online PE lessons at 9am on youtube Mon-Fri. Try to practice some online mindfulness videos if you get a chance, or practice for our 0-5k and help as much as you can around the house.

We are attaching some suggestions of work to keep you going, only if you have the original work completed and at your own pace. This is to be completed whenever you get a chance with your family, we appreciate everyone is busy.

Looking forward to seeing you all safe and well again soon.

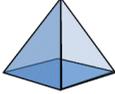

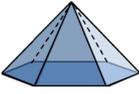

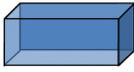

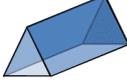

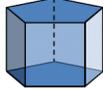

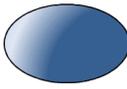

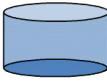

Ms O' Connor, Ms. Kelly and Ms. Cox

Gaeilge:

- Download duolingo app (if you have access) and do some daily practice
- Visit: www.seideansi.ie and select Mhumhain as chanúint- Go to activities for Rang a trí-Rang a sé
- Watch cartoons on cúla 4 (TG4)
- If you have access download the app "Briathra na Gaeilge" and do some work on verbs
- Complete the revision sheet at the end of this document.

Maths:

- 3d shapes-copy the table on p162 into your copy and try to do some research online to fill it in.
- Using blutack or playdoh and some matchsticks or straws, try to make some of the 3d shapes mentioned on p163
- Try to complete as much of p164, 165 and 166 as you can
- If you go to www.folensonline.ie, click register, select teacher, fill in a username, email and password and use Prim20 as the roll number you will be able to access online resources for Planet Maths, and other books.

Name	Date	
LIST OF GEOMETRIC SHAPES 3D		
		
Tetrahedron (Triangular pyramid)	Square pyramid (Square-based pyramid)	Hexagonal pyramid
		
Cube	Cuboid	Triangular prism
		
Octahedron	Pentagonal prism	Hexagonal prism
		
Dodecahedron	Sphere	Ellipsoid
		
Icosahedron	Cone	Cylinder

English:

- Continue to read as much as you can.
- Grammar-p77-Verb tenses, complete activity A and B into book. Complete activity C into your copy.
- Write ten lines in your copy about what you did yesterday-make sure that you put all verbs in the past tense. Then write ten lines about what you will do during the summer. Make sure you put all verbs in the future tense.
- Comprehension- read the story on p106. Complete exercises B, C and D into your book and exercise A into your copy.

Religion

- Theme 7, Holy Week and Easter, Lesson 3: Jesus' Work Continues today
- Read chapter p78-81
- Journal exercise on p78
- If you want to access the online videos, songs and posters that we usually use you can do so by going to www.growinlove.ie and logging in using the email: trial@growinlove.ie and password: growinlove

SESE

- **Geography:**
- Talk at home about rivers, lakes and mountains you have seen or visited before in Ireland -see how many ye can think of together.
- Examine maps and aerial photographs of Ireland for these natural features.
- Make a list in your copy of the rivers, lakes and mountains of Ireland.
- Draw, or trace your own map of Ireland into your copy and mark them on it.
- **Science**
- Explore magnetism at home. Do some research online if needs be to help learn about: Items that are attracted to magnets and repelled from magnets, What causes magnetism, types of magnets, the uses of magnets around us, using magnets to lift and hold objects. Research what are magnetic forces, poles and fields. Try experimenting with magnets- game here, lots of ideas and games online too.

Game:

Fishing for Treasures

Materials you will need:

- String
- Magnets
- Paper clips
- Shoe Box
- Scissors
- Several sticks / pencils
- Some gold or yellow pieces of paper

Instructions:

At the bottom of a canyon, there is a big pile of gold bars that have been abandoned by some robbers.

How many do you think you can rescue?

How to play: you will need to cut out 12 small rectangles of gold coloured card, attach a paper-clip to each of the gold bars, put them in an empty tissue box or shoe box.

Each player will need a pencil or a stick with a piece of string tied around the pencil or stick.

Tie the other end of the string around a magnet.

The one who picks up the most gold bars with their fishing magnet is the winner!

(Gold is NOT magnetic but it makes the game more fun !!)

Dul siar-Revision

Write the meaning of the following words, use your foclóir if you are unsure.

1. altra		46. stair
